1	Housekeeping – Apologies, Minutes, Actions, Declarations of Interest Minutes from the last meeting were accepted as true record. No further Declarations of Interest were made. The Chair warmly thanked all the Board members for their contributions to date, reminding ourselves as to how much the Town Fund Board has achieved. The positive impact this will have on our Town will be meaningful and will change the future of the town as a great place to live, work and learn. All the sponsors have followed their vision and put in a great amount of time and effort to get to this point. AC said he could not be more proud and happy to see all who played their part get to this stage. Including the efforts by partners to get the DIF close to the approval stage. It is great to see the passion, the trailblazing and bringing together of the local community, with the delivery stage now just around the corner. All business cases to be circulated		CBMDC	Asap
